

# Proven Success: Sherwin-Williams

## Challenge:

Sherwin-Williams wanted to provide team members with professional development opportunities aligned with career pathways.

## Requirements:

- Accessible anywhere, anytime
- High quality content with job application
- Engaging user experience

## Solution:

A self-paced, online Chemistry 101 course accessible from any device. Team Members received approval from their managers to access the course through a Study.com license.

## Program Results

- Average completion time was 3 months
- 100% found the course engaging and easy to navigate
- 86% saw immediate application to their job
- 93% claimed the material reinforced key learning objectives within their current role

“

*You'll discover that a position with Sherwin-Williams is just the start of a personal development path unlike any other.*

*Our managers are dedicated to providing you with the training and tools you need to excel today – and tomorrow.* ”
